

# STUDY IN CANADA

Canada is open to students from all around the world. We have a pathway for you regardless of your age. In Canada you decide when to stop. We give you a way to become the next Canadian.

I am a minor graduated from grade 11.

The best way for you to continue your studies in Canada after your secondary graduation is to obtain your secondary diploma in Canada.

I am 18 and older.

At this point, to continue studies in any University or College in Canada, you need to pass the Academic English level required for higher studies. We have your options:

## Halton Catholic District School Board INTERNATIONAL STUDENT 18 & OVER PROGRAM

We can get you in The Erindale Academy. This academy will evaluate your grade 11 transcripts and whether you are eligible for a scholarship! The academy will place you in the right classes so that you can complete the requirements to graduate in Ontario.

The Advanced English Program will lead you to continue your studies in any university.

The Erindale Academy will accept students from grade 9 to 12 and it will assign credits from your home country studies.

The Erindale Academy school year is split into 4 semesters spanning 2 months each and 2 semesters during the summer spanning 1 month each. Classes are on weekdays from 9AM to 4:15PM.

During the 2-month long semesters, students will take one class in the morning and one class in the afternoon.

This specialized bridge program has been carefully developed to better assist students with improving their English skills or upgrading secondary credits that may be required for graduating and receiving an [Ontario Secondary School Diploma](#) (OSSD).

### ACADEMIC ENGLISH FOR ENTRANCE TO UNIVERSITY

Some universities or colleges do not require a Canadian secondary school diploma depending on your chosen field. However, you need to pass the academic English level for your studies.

You may select between The Erindale Academy and Hansa Language Centre. It depends on your English skills to advance from one level to a higher and get the passing level.
